Dear New Patient:

Welcome to the Denver Spine Center. We want your experience with us to be a pleasant one. We strive to give all of our patients the care and treatment that they deserve. In order for our physicians to do this we ask that you be prepared for your first visit with us. We require that you bring the following information with you to your initial evaluation:

- Completed patient information sheet
- Insurance cards and/or Auto or Worker's Compensation information
- PCP referral for insurance plans that do require them
- Completed Spine Questionnaire
- All X-rays, MRI's or CT scans and reports related to your spine
- All medical records that are related to your current complaint
(e.g. injection reports, pain management records, op reports, etc.)

It is imperative that you have all of your imaging studies in hand and your paperwork completed when you arrive for your scheduled appointment with the doctor. If the required paperwork is not completed at the time of your appointment and the imaging studies are not in our office, we will need to reschedule your appointment. Please be aware that your visit could take up to 1-2 hours. Parking is free in the parking garage below our building. For your convenience we have included directions to our office which is located on the 4th floor of the P/SL Professional Plaza West building (19th & Gilpin) directly across from the P/SL Medical Center. Please feel free to contact us if you have any questions at (303) 860-1500. We look forward to seeing you.

Sincerely,

The DenverSpine Staff
